MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with [REDACTED] Contracting  
Officer, re [REDACTED] PIGMI II, This date

[REDACTED] mailed a letter to [REDACTED] on 10 August which indicated that the Agency would approve [REDACTED] overrun and which also established the maximum on this Task Order of [REDACTED]. This was in accordance with a verbal agreement between [REDACTED] and [REDACTED]. As of this date [REDACTED] has not signed this amendment to the contract but they have indicated in a letter to me, dated 25 September, that total funds of [REDACTED] would be required to complete the PIGMI. [REDACTED] did not receive a copy of the letter and we are sending him one today. I asked [REDACTED] to hold approval of the [REDACTED] overrun until we can straighten this out between [REDACTED]. [REDACTED] will write to [REDACTED] to determine what action they are going to take. He believes that the agreement between him and [REDACTED] should still hold even though [REDACTED] is now gone. He also suggests that we do not authorize payment of any more money to [REDACTED] because he feels that they are obligated to complete the contract for the total price of [REDACTED]. Consequently, we will do nothing until we hear from [REDACTED].
